Now you can have all the benefits a TRUE DR FLAT PANEL SYSTEM has to offer plus the convenience of receiving and transmitting X-RAY IMAGES wirelessly within seconds from in your facility or in the field at the COST OF A CONVENTIONAL LOW PRICED CR SYSTEM!

14x17 Cassette-Size Wireless Flat Panel

“THE WAIT IS OVER, THE DR SYSTEM YOU HAVE BEEN WAITING FOR IS HERE ”
This REVOLUTIONARY system is the pinnacle in the final EVOLUTION of Flat-panel Digital X-ray Detector Technology.

Something MAGICAL has happened!

Quality, Low Dose Imaging

No installation required. Easily integrates into your existing system, plus can be used anywhere in facility or in the field!

Intuitive Full-featured Progressive Prompt DICOM Software PACS, Worklist Integration Available

• Full System Package (Comes complete with panel, computer and software)
• No Pin Connection-Magnetically Coupled Power Source (Pull the cord and it detaches from panel without pulling the panel to the ground, preventing damage)
• Shock Resistant (drop-tested) & Water Resistant (Animal urine will not cause damage)
14x17 Cassette-Size Wireless Flat Panel

- State-of-the-Art Software (Easily capture, review and manipulate images for a thorough and accurate examination)
- Durable Lightweight Carbon Fiber Construction (Portable & long lasting design)
- Automatic X-Ray Dose Recognition
- Low dose required (Less radiation exposure for patient and staff)
- 14x17 Cassette-Size (Fits into standard bucky tray cabinets without any modifications)
- Automatic X-Ray Exposure Detection (No connection to generator necessary)
- Lithium Ion Battery (Long lasting battery operation in the field)
- Wireless (No connection to computer necessary. No cables to run)
- WiFi Connectivity (Connect a tablet for easy viewing away from your computer)
If you were waiting for the DR prices to drop as the next generation DR flat panel technology is introduced, it just happened. The lowest priced next generation digital technology is here. This cutting edge DR-wizard technology is so revolutionary that it is considered the end game to all digital imaging technologies.

When you purchase the new DR-wizard for your new or replacement digital system three things will happen, you will be increasing your bottom line FOR THE LONG TERM FUTURE, plus saving time while increasing your image quality. Now that’s a statement of Value you can hang your hat on.

**Complete Digital Radiographic Imaging System.** Produces quality radiographic images of Small and Large patients. One of the smallest sized - highest detail - self-contained digital imaging systems. The DR-wizard flat panel system is a silicon Flat-panel Digital X-ray detector with revolutionary Gadox screen technology that captures radiographic images in digital format within seconds, eliminating the need for an X-ray film, phosphorescent plates or cassettes.

**Veterinary Software**

User friendly patient database, imaging tools, & acquisition

Powered by medical imaging’s fastest distribution engine and open Web-based technologies, Opal-RAD will change the way you think about taking x-rays. Available with a feature-rich, scalable and flexible picture archiving and communication system (PACS), and Patient Worklist integration.

**Dell High Powered Computer Workstation**

All computer systems come with 3 year “Complete Care” Accidental Damage Protection and “ProSupport” 24 x 7 Technical Support

---

**Desktop**

CPU: 4th Generation Intel® Core™ i5-4200U processor (3M Cache, up to 2.6 GHz)
RAM: 6GB Dual Channel DDR3L 1600MHz (4GBx1 + 2GBx1)
Video: Intel® HD Graphics 4400
Storage: 750GB 5400RPM SATA Hard Drive
Security: Trend Micro Worry-Free Security Services
Monitor: 20” LED Backlit Display with Truelife and HD+ resolution (1600 x 900)
OS: Windows 7
Network: Broadcom NetXtreme Ethernet
CD: Tray load DVD Drive (Reads and Writes to DVD/CD)

---

**Laptop**

CPU: 4th Generation Intel® Core™ i5-4200U processor (3M Cache, up to 2.6 GHz)
RAM: 6GB Dual Channel DDR3L 1600MHz (4GBx1 + 2GBx1)
Video: Intel® HD Graphics 4400
Storage: 750GB 5400RPM SATA Hard Drive
Security: Trend Micro Worry-Free Security Services
Monitor: 15” or 17.3 inch LED Backlit Display with Truelife and HD+ resolution (1600 x 900)
OS: Windows 7
Network: Broadcom NetXtreme Ethernet
CD: Tray load DVD Drive (Reads and Writes to DVD/CD)

**Versa-View All-in-One TRUE Mixed Animal System**

**Table specifications:**
- For use with CR, film or DR Flat Panel
- Semi-Transparent Polycarbonate Tabletop
- 4-way positioning of X-ray unit.
  (left & right, up & down, rotate and angulate.)
- Standard dimensions 40" or 56" long x 31" deep x 33" tall

**Ultrastand specifications:**
- Only weighs 16 lbs.
- X-Ray beam positioned from ground level to 66” above ground
- Supports x-ray units from 14 to 50 lbs. Trigger release & lock vertical 1” discrete movements

**ULTRA 9030HF / ULTRA12040HF Portable X-Ray Unit**
- Ultra Lite: 9030HF-16lbs / 12040HF-25lbs
- Ultra Powerful: 90kV/30mA or 120kV/40mA
- Ultra Accurate: Two stage dynamic, automatic line compensation.
- Ultra High Frequency: Twice as powerful as other portables
- Ultra Programmable: Technique memory settings.
- Ultra Easy: Soft Touch Controls with Digital displays

Use with ANY Portable X-Ray unit!
